

Bear Swamp Birds

Bear Swamp Pool is used throughout the year by a variety of birds. See what species you can spot!

Look for Our Loafers

Glossy Ibis

In the summer months, wading birds loaf, or rest, across the impoundment and islands. Look for great blue herons, great egrets, snowy egrets, and glossy ibis.

Notice Our Nesters

Black-necked stilts nest on the grassy islands. Pied-billed grebes and wood ducks also build nests in the area and can be seen in the impoundments in June and July.

Pied-billed Grebe

Black-crowned Night-Heron

Remember Our Roosters

Great and snowy egrets and black-crowned and yellow-crowned night-herons rest and roost for the night in the trees on the northern-most island.

Great Egret

Yellow-crowned Night-Heron
